

## Civil Engineering Magazine 1999 Index

### Awards for Excellence in Civil Engineering (Mag. No. & page)

Engineers strut their stuff. The 1999 SAICE Awards Banquet 10/12

### Divisional and other newsletters

Newsletter of the Joint Structural Division 1/25  
Continuing Education Services/Voorgesette Onderwysdienste 1/IBC  
Streamlines: Division of Water engineering 3/27  
Environmental Division 3/28  
Division of Railway and Harbor engineering 3/29  
Continuing Professional Development 4/29  
Division of Railway and Harbor engineering 4/30  
Streamlines: Division of Water engineering 6/31  
Lets go/Laat waai: Transportation Engineering Division 7/27  
Site Lines: Construction Division 7/30  
Lets go / Laat waai: Newsletter of the Transportation Engineering Department 9/33  
Lets go / Laat waai: Newsletter of the Transportation Engineering Department 10/28

### Feature Articles

SAICE President 1999 Rodney Milford 1/3  
Outeniqua Pass reconstruction project 1/13  
Improving quality of life in Lebowa 1/15  
Floods – Have we learnt any lessons, by J Kabyemera 1/16  
The Gorges Dam visited by Civil Engineering, by Reinhoud Boers 1/17  
Image and status, by Correlli Barnett 1/21  
Chrome International hazardous waste impoundment 1/23  
The South African National Roads Agency is up and running 1/26  
Waste disposal streamlined in Virginia. (Branch Award) 2/7  
Alexandra sewer clean-up benefits community. (Branch Award) 2/9  
Repairs and maintenance of the Pretoria Eastern Railway 2/23  
Aluminium used for unusually shaped building in China 2/27  
Michell's pass in use for 150 years, by Graham Ross 2/29  
Tourist-friendly cableway upgrade for Mother City. Award Nomination 3/9  
Traffic control centre aims to reduce overloading and road damage.  
Branch Award 3/11  
Defusing the millennium bomb, by Richard Bland 3/15  
A comparison of water supply and sanitation provision in two middle-income country  
metropolitan areas, by Mark van Ryneveld. M&R Charles Skeen Lecture 1998 3/19  
Repairs to and maintenance of the Pretoria Eastern Railway (Part 2) 3/25  
African cities at bursting point, by Tom Nevin 3/30  
Global performance recognised by prestigious award 3/31  
Unique substructure design on Centurion bridge. Pretoria Award 4/5  
Community benefits from empowerment of emerging contractors. Wits Award 4/7  
The geodesy of GPS – what every civil engineer should know 4/9  
Do engineers in a developing country have additional responsibilities?, by Richard Maasdorp.  
International Opinion 4/23  
Spectacular Fish Hoek road extension 4/25  
Labour-intensive construction came out tops in bridge project 6/7  
The Masakane campaign: CEF Workshops 6/17  
Environmental information sharing: Moving from lip service to equity, by Andy Spitz 8/9  
Top construction achievements of the century 8/14  
Prof Geoff Blight. Distinguished academic and practical engineer 8/15  
Setting up a mobile office, by James Melliar 9/21  
Groundwater information 9/32

A battle won - a project to facilitate commemoration of the SA war	10/25
Civil Engineering in Southern Africa: 1850 to 1905 – Part 2, by Colin Bender	11/12/23

### Interviews

The new, improved SABS. (Interview with Eugène Julies)	2/19
‘Wonderful restoration’, Interview with Caesar Molebatsi, Molote City	11/12/11

### Law and the Civil Engineer

### Obituary

Frank Thompson and Mark Bernstein	9/34
-----------------------------------	------

### Opinion

Into the 21 <sup>st</sup> Century: A great time to be a civil engineer?	5/24
The conservation of scarce resources	11/12/22

### Outreach Issue

### Personalia

Jan Brand – A life of meeting challenges	10/29

### SAICE

On Course/Op pad: Newsletter of the Executive Director	1/5
SAICE Banquet: SAICE recognises engineering achievements	1/6
Honorary Fellowship of Cliff McMillan	1/7
SAICE and Professional News: Construction price adjustment factor; countdown to Congress '99; SPEBS-Making a difference	1/8
SAICE's Strategic Action Plan, by Allyson Lawless	1/11
On course/Op pad: Newsletter of the Executive Director	2/2
SAICE and Professional News: Fellowship and research awards in Pretoria; SAICE Photo Competition; Leonardo da Vinci in Pretoria; SAICE Congress 1999; Nuwe hoof by UP; Coll for nominations: EPPIC Awards for 1999	2/4
Continuing Education Services/ Voorgesette Onderwysdienste	2/32
On course/Op pad: Newsletter of the Executive Director	3/2
SAICE and Professional News: Registration of material testers; Western Cape awards; ASCE Annual Convention; Construction Industries Federation	3/4
Our new home! Hier is ons! Waterfall Park	3/5
Into the New Millennium – SAICE Congress: Final Reminder	3/7
SAICE and Professional News: Unification update; Geotechnical Medal for SRK's Gary Jones; 198 million for research; Commission on sustainable engineering; Civil engineering and Leonardo da Vinci	4/27
On course/Op pad: Newsletter of the Executive Director	4/32
SAICE and Professional News: SAICE Website; Moving South Africa; Passes exhibition in George; New GIGSA committee; Joint CEs at Arups; International award; New SAICE Fellows	5/28
Courses and Conferences	5/29
On course/Op pad: Newsletter of the Executive Director	5/32
Presidentstoekening 1998, Internations Bridge-building Competition	6/19
Accreditation in targeted procurement; Siviele Ingenieursstigting; 1998 IABSE prize to Africa; Awards of excellence in Western Cape	6/22
BTT News	6/23
On course/Op pad: Newsletter of the Executive Director	6/28
Durban Award for water storage solution: Developments in construction; Prins retires; Executive Director's Awards; SAICE Fellow dies at 100	7/28
SAICE Member's Information: Lede toegelaat – Januarie to Junie 1999; New Fellows	

	7/31
On course/Op pad: Newsletter of the Executive Director	7/32
The 96 <sup>th</sup> Annual General Meeting of SAICE	8/17
Five cities into one: Understanding the Unicity of Johannesburg	8/20
Thanks to DWAF; Infrastructure Council founded; Survey: Profits soar - for now; Engineers top 10 crises	8/21
New Fellows	8/27
On course/Op pad: Newsletter of the Executive Director	8/28
J D Roberts Award to construction expert; Cape academic elected to IAWQ; ASCE revisits site safety policy; Outstanding Paper Award 1998	9/34
On course/Op pad: Newsletter of the Executive Director	9/36
Engineers strut their stuff. The 1999 SAICE Awards Banquet	10/12
New Honorary Fellows	10/13
International ties strengthened; Thanks, Ray; Cutting a 'pass' through the mountain of publications; EEC3 Conference; Volunteers for 'Net; Lourierkrans; 1999 IABSE Prize; Water Affairs DG's message; Baby Web; Stop Press; Retired Engineers; New SAICE Fellows	10/31
On course/Op pad: Newsletter of the Executive Director	10/36
R 158 million to develop people skills for industry; SPEBS: Education our future engineers; US en SAISI; Cape technikon students honoured; 93 <sup>rd</sup> BIFSA President; Practice manual	11/12/25
Nuwe Lede: Julie tot November 1999	11/12/27
New SAICE Fellows	11/12/27
On course/Op pad: Newsletter of the Executive Director	11/12/28

## SAICE Forum

### Series: Historical

### Special Features

<i>Wastecon '98</i>	
Integrating landfill design engineering and management, by Lindsay Strachan, Jonathan Pass and Tony Rolando	2/11
Durban takes a new look at landfill site selection, by June Lombard, John Parkin and Guy Butler	2/15
The polluter pays principle in water and environmental law, by Leon Bredenhann and Linda Garlipp	2/17
<i>Loading Conference</i>	
South African loading code; Past, present and future, by Peter Day and Alan Kemp	4/11
South African load factors and international codes, by J Mahachi	4/13
Overhead crane and machinery tools, by Geoff Krige	4/17
Wind-loading specifications in the SA loading code, by Adam Goliger	4/19
<i>Education and Training</i>	
Environment training inadequate. EPPIC survey	6/11
Continuing Professional Development – Newsletter	6/25
SAICE 2000 essay topics for professional registration	6/27

### Technical Articles/Reports

Some thoughts on geometric design of mountain passes, by Graham Ross	1/19
Civilised disposal of the dead, by Dr John Clifford	9/26

### Viewpoints

Realistic levels of reward, by Stewart Gibson	2/3
2020 Vision, by Rodney Milford, President	3/3

Information overload, by Brian Downie	4/3
SAICE Fellowship	5/3
Our future is in your hands, by Bob Pullen	6/3
Educating civil engineers, by Francis Legge	7/3
Municipal service partnerships, by Kevin Wall	8/3
What makes a professional?	8/3
Legal implications of current durability specifications, by J R Mackechnie	9/3
Houses for R 15 000, all in? Oor-ontwerp? Road solutions, SAICE Fellow remembered	9/3
Quo vadis, SAICE? – Jan Brand	10/3
Where to SAICE by Rodney Milford, SAICE President	10/3
Relief of student debt, by Johan de Koker	11/12/3
Education Civil Engineers	
Engineering with cantilevers	
Your editor bids you farewell	11/12/5

## General

Your Viewpoint: Letters	1/2
Book Review: New research publication	1/24
Reminiscences of a Padmaker: Thomas Bain: On an ostrich	1/26
Developments: World Geodetic System 1984; Law course added to engineering curriculum;	
Ozone plant a first; SA soil experts speak at Beijing conference; VRF and CSIR develop	
urban planning cost model; SA lauded for 'outstanding' public works scheme	1/27
Your Viewpoint: Letters	2/6
Notice: IABSE conference	2/26
New Publication	2/28
Book Review	2/30
Developments: Standard grade maths matric pass not sufficient; GIS engineering services	
model for Gauteng; Water modelling software developed; Agru forms new company in South	
Africa	2/31
20 <sup>th</sup> Congress on Large Dams: Call for Papers	3/8
New Publication: Red Books 1997 (2)	3/14
Global Performance recognised by prestigious award	3/31
Reminiscences of a Padmaker: Nemo me impune lacessit	3/31
Developments: Rapid progress on Maputo Corridor road; Infrastructure investment; Reliable	
water source for rural residents; JBCC contract documents	3/32
Your Viewpoint: Letters	4/10
Book Reviews: Engineer's reference; Friend '97	4/22
Reminiscences of a Padmaker: Kaaimansgat	4/24
Engineers lead wetlands meeting	4/26
Developments: Cement consumers protected by change in legislation; Innovative problem	
solving; Electronic JBCC contract documentation; LTA trains in Botswana	4/31
Your Viewpoint: Letters	5/5
New Publications	5/5
Reminiscences of a Padmaker: on surveying in 1945	5/10
Notice	5/23
Your Viewpoint: Letters	6/3
Books	6/21
Courses and Conferences	7/20
Book Review: Concrete fundamentals	7/26
Courses and conferences	8/24
New publications: Safe sex advice	8/27
Notice: SHE '99	8/27
Reminiscences of a Padmaker	9/4
New Publication	9/28
Courses and conferences	10/35
New publications	10/35
Notice: Cement conference	10/35
Reminiscences of a Padmaker	11/12/22

**In Brief**

Slump predicted for civil engineering sector	
PPS benefits for professionals	5/30
Netstar tracks down missing cats	
Danish suspension bridge is world's largest	5/31
World's largest dome; Crumbling roads; Coega; Everglades clean-up; Bridge the Y2K gap; Urban geological investigations; Floor slabs; Earth-retaining blocks; Tallest headgear	6/4
Montecasino project bursts out of the ground; Dam project gets go-ahead; R2,5 billion Ns upgrade; Tricky sewage purification works contract; First bridge of its kind in Africa; Not all okay with water delivery?	7/4
Transports of delight for Cape Town; Fix for Fourways roads; Engineering products feature among design award winners; The power of local solutions; New ground broken at Richards Bay; LTA companies win three major African contracts	8/4
Mont Blanc raises design questions; 'n Boer maak 'n plan; Health and safety checklist; Mozal contracts; Fatigued expansion joints; Flood predictions; Norway resurrects Renaissance bridge; R35 million N2 contract; EVN develops into Bigen Africa; Earthquake design expert to visit SA	9/6
Ronamsbaai abalone farm; Engineering sheds 29 000 jobs; Toll Bill to boost road upgrading; New sewer in Cape Town; Multisoft Contractor 2000; Container loos; Driftsands water project; Huge KZN project nears completion; Filling potholes on the go	10/6
Diamond quay for Lamberts Bay; 'Building industry on verge of growth'; World heritage nomination; New railway succeeds where Rhodes failed; Steel-free bridge decks reduce corrosion; Business-to-business communities	
	11/12/6

**Workshop Report**

Interdesign '99 Water comes up with the answers	7/25
