

INDEX TO CIVIL ENGINEERING 2003

TITLE	MAGAZINE NO & PAGE
ADVERTORIAL	
Autodesk becomes a patron of SPEBS	6/24
Black consortium obtains stake in Bigen Africa	5/26
Innovative erosion inhibitor at Umhlanga	3/9
AWARDS	
Aqueducts between dams project of the year	7/28
CENTENARY NEWS	
4x4-toer na die Richtersveld!	2/29
At the AGM	5/21
Centenary AGM	5/24
Centenary celebrations off to a scintillating start	2/31
Centenary cocktails	5/23
Centenary news	3/27
Centenary snippets	9/21
'Create monuments for the feature,' urges President Mbeki	5/25
Messages from our past presidents	5/5
Messages from our past presidents	7/3
Messages from our past presidents	9/19
Our foundation for the future	2/32
Preparing for the exciting world of civil engineering	6/20
Sustainable engineering and postal communication	9/22
Well done!	5/20
COMMUNICATION	
Issues management: A tough edge of marketing and corporate communication	6/17
'Ladies and gentlemen ...': some hints and tips for speaking in public (1)	1/28
'Ladies and gentlemen, to continue ...': Some hints and tips for speaking in public (2)	2/22
'We have a brochure to send you ...' Pamphlets, brochures and other printed marketing tools	3/20
'We request the pleasure of your company ...' Detailed planning is the key to successful functions	5/18
COMPANY NEWS	
Black consortium obtains stake in Bigen Africa	5/26
Dura is building on a proud past	8*/2
Super super-basement from Franki	9/15
CONGRESS	
Civil engineering – past, present and future	4/6
'Create monuments for the feature,' urges President Mbeki	5/25
Demographics in civil engineering: what future?	6/8
SAICE Centenary Congress: 6–9 May 2003	3/23
Water for the future	6/6
CONSTRUCTION ENGINEERING	
350 years of reliability and performance	3/13
Affordable housing building methods – the real issue	6/19
Ecologically sustained development characterises Kouga Cultural Centre	3/5
Hard going at Bassonia Rock	3/11
Innovative erosion inhibitor at Umhlanga	3/9
Nelson Mandela Bridge: the birth of a new icon	10/3
Salient points from SAFCEC's state of the industry report	3/10

TITLE	MAGAZINE NO & PAGE
Uncertain outlook for building industry	6/26
COVER ARTICLES	
A South African first	2/4
Dura is building on a proud past	8*/2
Major foundation problems solved	6/9
Nelson Mandela Bridge: the birth of a new icon	10/3
Pump technology for relatively low head, high flow applications	7/27
Super super-basement from Franki	9/15
The history of rail grinding in South Africa	1/15
Unique and innovative solution at Hillside	4/7
Water supply scheme in a category of its own	3/2
EASTERN CAPE	
A South African first	2/4
Deep self-hardening slurry cut-off wall is the solution and key to Ngqura's success	4/23
Work forging ahead at Port of Ngqura	6/14
EDUCATION AND TRAINING	
Concrete technology training by correspondence	4/33
Developing the small school pool	6/21
Guidelines for continuing professional development	8*/42
International placement for students	6/26
NQF-accredited environmental management courses	1/36
Water-related short courses	5/17
ENVIRONMENTAL ENGINEERING	
Biotechnical engineering is the way forward	7/17
Double benefit to the environment	7/23
Environmental engineering an area for serious academic research	7/8
Harnessing the forces of nature	7/14
'Moving mountain' problems solved	7/23
News snippets from EED	7/7
Software aids design for soil stabilisation	7/19
The closure and rehabilitation of the Umlazi landfill site	7/11
Zinc seepage foiled	7/23
FREE STATE	
Concrete pipe performance: results from the Virginia experimental sewer and its rehabilitation	1/25
GEOTECHNICAL ENGINEERING	
A detailed investigation of Goukamma Bridge	4/19
African Young Geotechnical Engineers Conference held in Swakopmund	9/16
Deep self-hardening slurry cut-off wall is the solution and key to Ngqura's success	4/23
Dura is building on a proud past	8*/2
Geotechnical investigation for the Gautrain Rapid Rail Link	4/11
Harry Poulos delivers Second Jennings Memorial Lecture	4/9
ISSMGE board meets in South Africa	4/9
Major foundation problems solved	6/9
Port Louis project characterised by challenging design and construction problems	4/5
Rehabilitation of a dragline walkway	6/11
Risk of pylon instability on an undermined area	4/14
Super super-basement from Franki	9/15
Unique and innovative solution at Hillside	4/7
Work forging ahead at Port of Ngqura	6/14
GIJIMA	
Gijima	3/28

TITLE	MAGAZINE NO & PAGE
Gijima	4/36
Gijima	5/28
Gijima	8*/44
HEALTH AND SAFETY	
Employers not aware that TB is a compensational disease	6/27
HISTORY – SEE LOOKING BACK	
INDUSTRY NEWS	
Affordable housing building methods – the real issue	6/19
Concrete pipe performance: results from the Virginia experimental sewer and its rehabilitation	1/25
Fill heights over concrete pipes	9/17
Industry forum adds value to pumps, valves and pipes expo	4/35
HIGHVELD	
Aqueducts between dams project of the year	7/28
News from Highveld	7/28
INFORMATION TECHNOLOGY	
Autodesk seeks legal compliance from German company	9/13
CFD and the water industry	9/14
IT call for delegates/papers	5/27
IT simposium vanjaar in Stellenbosch gehou	9/25
Moving from the model-centred to the application-centred design approach for civil engineering software	9/10
Other highlights from the IT symposium	9/13
Package introduced to design road signs	8/22
Practical finite elements – the future for efficient design	9/12
Software aids design for soil stabilisation	7/19
The connected team	9/2
Towards an integrated structural engineering industrial plant environment	9/7
KWAZULU-NATAL	
Innovative erosion inhibitor at Umhlanga	3/9
KwaZulu-Natal success story	10/29
Major projects for Port of Durban	1/22
The closure and rehabilitation of the Umlazi landfill site	7/11
LEGAL	
Insurance for consultants and contractors	6/25
Trust fund for SA consulting engineers under the microscope	1/33
LETTERS (STOP AND LISTEN)	
Letters	6/2
Letters	7/6
LOOKING BACK (HISTORY)	
Leeuw-Gamka irrigation works	3/19
Lest we forget: the East African campaign	1/32
Lest we forget: The Italian campaign – Rome to Venice	4/29
Lest we forget: The Italian campaign – Taranto to Cassino	3/16
Lest we forget: The North African Campaign	2/24
Two remarkable anniversaries	9/24

TITLE	MAGAZINE NO & PAGE
What else happened in 1903?	3/24
NORTHERN CAPE	
4x4-toer na die Richtersveld!	2/29
Unusual new Legislature Building for Kimberley	2/11
OBITUARIES	
Dr Robert James Laburn	8*/43
Eric Cornfield	6/27
Mike Kelly	9/27
PRETORIA	
News from Pretoria Branch	3/15
PROFILES	
Intent on engineering novel solutions to problems	4/3
Professional engineering technologist in top SAICE position	1/3
PRODUCT NEWS	
Johannesburg Water installs Adroit to conserve resources	5/12
Limpopo highway receives unique upgrade	4/28
Product news from Chryso SA	4/27
Zinc seepage foiled	7/23
PROJECT NEWS	
Historically sensitive vineyard roads to be upgraded	3/14
Soweto project aimed at reducing unaccounted for water	5/9
The closure and rehabilitation of the Umlazi landfill site	7/11
Water supply scheme in a category of its own	3/2
RAILWAY AND HARBOUR ENGINEERING	
Deep self-hardening slurry cut-off wall is the solution and key to Ngqura's success	4/23
Geotechnical investigation for the Gautrain Rapid Rail Link	4/11
Major projects for Port of Durban	1/22
Tamping technology	1/19
The history of rail grinding in southern Africa	1/15
Turnout replacement project on COALink	1/9
Work forging ahead at Port of Ngqura	6/14
SAICE AND PROFESSIONAL NEWS	
2003 Presidential report	10/31
At the AGM	5/21
Autodesk becomes a patron of SPEBS	6/24
Benefits of SAICE membership: What members are getting for their subscriptions (1)	3/22
Best civil engineering photo of the century	8*/37
Black consortium obtains stake in Bigen Africa	5/26
Call for nominations: Bob Laburn Award 2003	6/25
Centenary AGM	5/24
Centenary news	3/27
Champion Water Wiz Kids from Ivory Park	8*/34
Coming events	4/35
Coming events	8/37
Concrete technology training by correspondence	4/33
Demographics in civil engineering: what future?	6/8
Developing the small school pool	6/21
Employers not aware that TB is a compensational disease	6/27
First beneficiary of the Josia Nkosi Memorial Trust Fund nominated	6/24

TITLE	MAGAZINE NO & PAGE
Guidelines for continuing professional development	8*/42
Industry forum adds value to pumps, valves and pipes expo	4/35
Insurance for consultants and contractors	6/25
International placement for students	6/26
International symposium on heavy vehicle weights and dimensions a first for Africa	4/34
IT call for delegates/papers	5/27
IT simposium vanjaar in Stellenbosch gehou	9/25
It's all Blarney	1/35
Messages from our past presidents	5/5
Messages from our past presidents	7/3
Messages from our past presidents	9/19
New Fellows	6/28
New Fellows	9/28
New professional services fee guidelines	3/26
Notice from SANCOLD	1/36
NQF-accredited environmental management courses	1/36
Our foundation for the future	2/32
Preparing for the exciting world of civil engineering	6/20
Roundabout	2/28
SAACE takes strong stand against fronting	7/31
SAICE 2004 essay topics for professional registration	9/26
SAICE at Nelson Mandela Bridge launch	7/32
SAICE Centenary Congress: 6-9 May 2003	3/23
SAICE journal: a hundred years of published technical papers	9/23
SAICE launches Centenary Congress CD-ROM	8*/41
SAICE presidential visit to the Ordemo dos Engenheiros Mozambique	8*/39
State plans to remove obstacles to growth	7/31
Sustainable engineering and postal communication	9/22
To all those interested chroniclers of SAICE	8*/36
Trust fund for SA consulting engineers under the microscope	1/33
Two remarkable anniversaries	9/24
Uncertain outlook for building industry	6/26
Well done!	5/20
What else happened in 1903?	3/24
SAICE CHRONICLES	
SAICE Chronicles I	2/Facing page 18
SAICE Chronicles II	5/Facing page 14
SAICE Chronicles III	6/Facing page 14
SAICE Chronicles IV	8*/Facing page 22
The SAICE Chronicles	2/3
To all those interested chroniclers of SAICE	8*/36
STRUCTURAL ENGINEERING	
2003: Update year for structural steel specifications	2/9
Arabella Sheraton Hotel a true case of collaboration	2/21
Effective structural strengthening solutions	2/20
Improved safety standards	2/16
Industry participation in South African standards	2/15
Nelson Mandela Bridge: the birth of a new icon	10/3
Performance-based building regulations and their usage in South Africa	2/6
Recent changes at the SABS	2/9
Towards an integrated structural engineering industrial plant environment	9/7
Unusual new Legislature Building for Kimberley	2/11
TRANSPORTATION ENGINEERING	
Bakwena: beast or beauty?	8*/11
Building roads for Africa	8*/24
Innovation and the use of technology in transportation	8*/9
Package introduced to design road signs	8*/22
Rail or road? An overview	8*/18
The growth and future of transport engineering in South Africa	8*/14

TITLE	MAGAZINE NO & PAGE
VIEWPOINTS	
Down memory lane	6/3
Fluoridation	5/3
Innovation – the leading edge	2/3
WATER AND HYDROLOGY	
Biblical prophecies and climate change scenarios – 3 000 years of hydrological observations	7/24
WATER ENGINEERING	
Champion Water Wiz Kids from Ivory Park	8*/34
Feasibility study for Lesotho Lowlands scheme	5/8
Fluoridation	5/3
Integrated corrosion solution for R4bn pipeline network	5/16
Johannesburg Water installs Adroit to conserve resources	5/12
Leeuw-Gamka irrigation works	3/19
Pump technology for relatively low head, high flow applications	7/27
Notice from SANCOLD	1/36
Refurbishing Johannesburg Water's sludge digesters	5/13
Soweto project aimed at reducing unaccounted for water	5/9
Water for the future	6/6
Water-related short courses	5/17
Water supply scheme in a category of its own	3/2
WESTERN CAPE	
Civil engineering status report 2003	8*/30
Ring road envisaged for Cape Town	8*/31
Rockfall protection for Chapman's Peak Drive	8*/25
WORLD	
Long-span bridges of the world in a nutshell	10/22

* 8 = SEPTEMBER/OCTOBER (INADVERTENTLY NUMBERED 9)
