

INDEX TO CIVIL ENGINEERING 2004

TITLE	Magazine/Page Numbers
AWARDS	
Award for Nandi Drive interchange	9/7
CMA Awards	10/7
Sustainable building best practice awards	10/8
The winners!	10/5
Winners of SAACE Awards announced	9/33
CONSTRUCTION ENGINEERING	
Brixton and Hillbrow towers	2/19
Lost City – Sun City	2/9
Massive concrete challenges in car terminal expansion	7/5
Nelson Mandela Bridge	2/18
New General Conditions of Contract for Construction Works	7/12
Randburg Magistrate's Court: evidence of the New South Africa at work!	7/7
Towards specifying concrete durability with confidence: principles and progress	7/10
COVER STORIES	
Franki back at sea	8/5
SANAE IV – Pride of Antarctica	3/4
EASTERN CAPE	
Alternative solutions in Walmer's Sakhasonke Village	8/28
Bureaucracy and the environment	8/23
Developments in water supply for rural East London	8/31
Environmental impact of the Kei Rail project	8/29
Fast-tracking a mega development	8/19
Flooding of the Port of Ngqura	8/20
Rural Eastern Cape villages to have access to N2 freeway	6/26
The Addo challenge	8/26
Tourist facility upgrade in PE	8/27
ENVIRONMENTAL ENGINEERING	
Bureaucracy and the environment	8/23
EED membership questionnaire	8/17
Environmental impact of the Kei Rail project	8/29
Main Road 191 – Groot Drakenstein	2/24
Minimum requirements series	2/25
Nominations for EED committee for 2005	8/18
Rehabilitation of abandoned coal mines in northern Kwazulu-Natal	2/25
Reversing the past: mining legislation and socio-economic development	8/7
Roads and sustainability	8/14
Rock cladding of tailings dams	8/11
Solution to an environmental problem	5/14
Video conference on geomembranes	8/16
WasteCon 2004 adds to body of knowledge on waste management in Africa	10/26
FREE STATE	
SAISI Brugbou-kompetisie in Bloemfontein	11/21
SMMEs empowered	11/20
GEOTECHNICAL ENGINEERING	
A review of some current techniques for determining pile performance in the field	4/9
Clifton cliff-hanger for Franki	4/7
Did it move or didn't it?	4/30
Embankment at Van Reenen's Pass rehabilitated	4/21
Engineering geology and Tony Brink	2/10
Flexible gabions to the rescue in remote St Helena	4/24
Franki back in Newtown	4/14

TITLE	Magazine/Page Numbers
Gautrain update	4/28
High-tensile wire mesh and revegetation system for slope stabilisation	4/26
Huguenot Tunnel	2/7
ISSMGE conference held in Morocco	4/25
Measuring the deflected shape of pipelines and tunnels	4/27
New rock on the block	4/28
Observation and engineering judgement in the field of geotechnics	4/8
Top talent needed Down Under!	4/31
Trust Bank basement	2/10
Tunnelling from the Vaal River to Chapman's Peak Drive	4/17
Underpinning of the Boksburg Civic Centre	4/15

GIJIMA

Gijima	6/36
Gijima	7/36
Gijima	4/36
Gijima	10/40

HEALTH AND SAFETY

Antiretroviral therapy provision expands in the private sector	5/7
HIV/Aids: Yes, it does affect you and your business	5/4
Is there a lack of consciousness in the industry?	5/8
Managing HIV/Aids in construction	5/6
SABCOHA to launch an effective HIV/Aids solution in the workplace	5/7

HUMAN RESOURCES

Improve company profits by accurately managing your labour force	5/12
Introduction to the Expanded Public Works Programme	5/9
Public works job challenge under way	5/11

INDUSTRY NEWS - see also NEWS IN BRIEF

A world first from Infraset	9/35
About TraSoft	9/36
AceCad Software opens Johannesburg branch with Allyson Lawless	6/25
Barrails concrete workability ensured	7/22
Bio-engineering processes now available locally	6/21
CAD at Ngqura	6/26
CETA simplifies workplace skills reporting process	6/25
CMA offers free training to SAWC members	5/17
CMA opens membership to consultants	5/17
Competition highlights the diversity of precast concrete	9/29
Detecting pipeline leaks and locations with Sahara	6/23
Exhibition assists building professions	5/17
Explore the future whilst embracing our past	5/17
Final reminder: The Star Interbuild Africa	7/20
Free State in the spotlight for development	9/36
Fulton Awards 2005: call for nominations	7/16
GAMA 2004 promotes inter-regional cooperation	7/16
Lanseria getting ready for 21010	7/15
Large-scale projects undertaken for Sasol	7/17
Movers and shakers in earthquake research	7/20
Natref comes out tops in international test	7/16
Need coastal defence? Call for Bruno	7/21
New glossary of concrete terms	7/22
Organic corrosion fighter working its way into the market	7/15
Product ranges now under one roof	6/29
Professor Alex Visser honoured by Transportation Division	9/37
Protekon to lead transport assistance to Africa	9/35
Revolutionary chamber system	6/25
Rural Eastern Cape villages to have access to N2 freeway	6/26
Sand availability leads to plastering problems	7/23
Sanitation solution for unemployed community	6/27
SCADA standards for geographically separated sites	6/26
Second edition of structural steel design guide now available	7/21
Software developed to assist procurement process	7/22

TITLE	Magazine/Page Numbers
Speaking a common language	6/27
Stoncor Africa solves a dusty problem	7/20
Towering retaining wall for Irish Embassy	7/18
Transnet subsidiary seeks new markets	7/19
Winners of SAACE awards announced	9/33
World market for SA-produced façade cladding	7/17
WSP Africa's road expertise on call in Zambia	9/37
INFORMATION TECHNOLOGY	
Allyson Lawless civil engineering software	2/20
Flood forecasting and management	2/21
GIS in developing countries: critical success factors	11/8
Integrated infrastructure design	11/12
IT solutions by engineers	11/5
Programme management tools in practice	11/10

PRETORIA	
Unconventional concepts used in N1 bridge	1/28
PROFILES	
A passion and enthusiasm that exceeded time and age	4/3
Dr Bingle Kruger: pioneer civil engineering consultant	9/3
Moving forward at a fast and furious pace	1/3
Ninham Shand – he walked tall!	6/5
PROJECT NEWS – see PROJECTS AND PRODUCTS and NEWS IN BRIEF	
PROJECTS AND PRODUCTS	
AceCad Software opens Johannesburg branch with Allyson Lawless	6/25
Admixtures vital for building the world's highest bridge	8/32
Bio-engineering processes now available locally	6/21
CAD at Ngqura	6/26
CETA simplifies workplace skills reporting process	6/25
Detecting pipeline leaks and locations with Sahara	6/23
Developments in water supply for rural East London	8/31
Kaytech stops sewer slopes from slipping	5/16
Keeping burrowers at bay	8/31
New multi-purpose flexible cementitious coating	8/31
New procurement software	8/32
New rules, new tools	3/32
Paving the way at uShaka	5/15
Product ranges now under one roof	6/29
Protekon Construction lands tunnel pipeline contract	5/13
Revolutionary chamber system	6/25
Rural Eastern Cape villages to have access to N2 freeway	6/26
Sanitation solution for unemployed community	6/27
SCADA standards for geographically separated sites	6/26
Solution to an environmental problem	5/14
Solving a 'heavy' problem	5/16
Speaking a common language	6/27
Special gabion software used for weir design	5/16
The seal that has stood the test of time	5/13
PROJECTS OF THE CENTURY	
Construction Engineering	
Brixton and Hillbrow towers	2/19
Lost City – Sun City	2/9
Nelson Mandela Bridge	2/18
Environmental Engineering	
Main Road 191 – Groot Drakenstein	2/24
Minimum requirements series	2/25
Rehabilitation of abandoned coal mines in northern KwaZulu-Natal	2/25
Geotechnical Engineering	
Engineering geology and Tony Brink	2/10
Huguenot Tunnel	2/7
Trust Bank basement	2/10
Information Technology	
Allyson Lawless civil engineering software	2/20
Flood forecasting and management	2/21
Vodacom cell phone towers	2/22

TITLE	Magazine/Page Numbers
Railway and Harbour Engineering	
Dedicated heavy haul export railway lines	2/16
Reclamation of Table Bay Foreshore	2/17
The dolos	2/15
Structural Engineering	
Carlton Centre	2/14
Garden Route bridges	2/12
Southern African Large Telescope (SALT)	2/13
Urban and Rural Engineering	
Infrastructure for mass housing	2/28
Richards Bay	2/27
Water to the people	2/28
Transportation Engineering	
Johannesburg motorways	2/23
The Huguenot Tunnel	2/23
Uncle Charlie's	2/24
Water Engineering	
Hartbeespoort Dam	2/6
Lesotho Highlands Water project	2/3
Tugela-Vaal Project	2/6

RAILWAY AND HARBOUR ENGINEERING

Curve tamping	1/13
Dedicated heavy haul export railway lines	2/16
Focus on Railway and Harbour Engineering	1/6
Harbour on Robben Island to be improved	1/10
Important EC rail section surveyed for upgrade	1/24
New berths for Port of Durban	1/6
New materials bulk handling facility for Richards Bay	1/22
Port of Durban car terminal being expanded	1/9
Rail lubrication on the Richards Bay Coal Line	1/19
Railway noise and vibration and the environment	1/25
Reclamation of Table Bay Foreshore	2/17
Rehabilitation of Limpopo rail line	1/11
Shuttleworth backs tracks	1/23
The dolos	2/15

SAICE AND PROFESSIONAL NEWS

101st AGM held in Midrand	7/34
A generic approach to procurement processes, methods and procedures	11/31

SAICE Transportation Quadrennial to be held in September	6/31
SAICE Transportation Quadrennial: 'Transportation and poverty'	11/22
SAICE's October Council meeting a tour de force	11/24
Social impact assessments: are engineers and social scientists finding common ground?	5/26
South African awards for women in science	5/25
The best civil engineering photo for 2004	10/37
The CIBD standard for Uniformity in Construction Procurement	7/28
The lawless society (not Allyson's)	1/31
Transportation Quadrennial 24-26 September 2004	8/40
Two technical divisions to close down	8/35
Water e-mail discussion list introduced	11/29
Welcome on board!	2/31

STRUCTURAL ENGINEERING

Carlton Centre	2/14
Construction regulations 2003	3/15
Everything you wanted to know about FE but were afraid to ask	3/8
Garden Route bridges	2/12
Inspection of welding for engineers: guidelines for shop and site control	3/13
Malaysian icons used in design of conference centre	3/19
Southern African Large Telescope (SALT)	2/13
The E value of concrete	3/11

TRANSPORTATION

A word from the chairman	9/5
Assessing the value of roads	9/19
Award for Nandi Drive interchange	9/7
Black economic empowerment and young engineers	9/5
Chapman's Peak Drive: challenges from a traffic and toll perspective	9/9

TITLE	Magazine/Page Numbers
Concrete inlays repair damaged motorway	9/23
Load control centres in Mozambique	9/26
New G2 manual issued	9/14
Professor Alex Visser honoured by Transportation Division	9/37
Protekon to lead transport assistance to Africa	9/35
Risk management with a view to 2010	9/22
Road access management	9/11
Roads and sustainability	8/14
Routine road maintenance contracts	9/17
SAICE Transportation Quadrennial to be held in September	6/31
SAICE Transportation Quadrennial: 'Transportation and poverty'	11/22
Streamlining Botswana's Transkgalagadi route	9/25
The role of incident management systems	9/18
Traffic lessons from the Netherlands	9/28
Transportation Quadrennial 24-26 September 2004	8/40
UCT graduates first M students in transportation studies	9/28
Upgrading of M7, phases 3 and 4	9/24
Utopia or realistic mobility strategy in the Western Cape?	9/27
WSP Africa's road expertise on call in Zambia	9/37

TRANSPORTATION ENGINEERING - also see TRANSPORTATION

Johannesburg motorways	2/23

URBAN AND RURAL ENGINEERING

Beware of the pitfalls of 'cheaper' piping – North American expert	10/16
Dreineringsstrukture en die Uitgebreide Openbare Werke-program	10/17
Infrastructure for mass housing	2/28
Mud fort to metropolises: urban settlements in South Africa and the engineering that enable and sustained them	10/9
Opportunity beckons	10/15
Quality of plastic pipes in the spotlight	10/18
Richards Bay	2/27
Water to the people	2/28

VIEWPOINTS AND OPINION

2010: Threat or opportunity: Chapter 1 – setting the scene	7/4
2010: Threat or opportunity: Chapter 2 – our transportation	8/3
2010: Threat or opportunity: Chapter 3 – Feedback and some suggestions, or solutions unlimited	11/2
Burning questions	10/3
Engineers vs Technologists vs Technicians vs Technologists vs Technicians vs Engineers	5/3
How transparent is South Africa's public procurement system?	7/3
Is it time for the Integrated BE Professional?	6/3
Ten years of freedom: SAICE building bridges into and across Africa	8/2

WATER ENGINEERING

Botswana government to improve water supply	6/17
Comparative drought indices derived from storage in major reservoirs	6/18
Contract awarded for Berg river dam	6/8
Floods, droughts, sunspots and wheat prices: the development of a drought prediction model	6/13
Hartbeespoort Dam	2/6
Johannesburg Water update	6/17
Lesotho Highlands Water project	2/3
Rand Water's new pipeline from Midrand to Rustenburg	6/12
The construction of Hartbeespoort Dam	6/8
Tugela-Vaal Project	2/6

WESTERN CAPE

The Cape of controversy	10/19
Integrated waste management plan for Cape Town	10/23
