

INDEX TO CIVIL ENGINEERING 2005

TITLE	Magazine/Page Number
AWARDS see SAICE AWARDS	
COMPANY PROFILE	
Bigen Africa	3/22
CONSTRUCTION - see CONSTRUCTION ENGINEERING	
CONSTRUCTION ENGINEERING	
Bullish outlook for civil industry	7/33
Domed tower stands tall in Sandton	7/27
Huge traffic problem alleviated	7/22
New construction regulations - how practical are they?	7/30
Rotary Interchange first for South Africa	7/20
Shopping under the open skies	7/24
The Construction Industry Development Regulations, 2004: Another brick in the regulatory wall	7/32
Two Fulton Awards for Mohale Dam	7/29
Unprecedented number of entries for Steel Awards	7/19
COVER STORIES	
Franki solves it in Bedfordview	7/18
GEL secures its largest ever precast piling contract	2/2
Potential impact of the Gautrain Project on civil engineering	9/6
Rail sleeper technology breakthrough from Infraset	5/5
Rehabilitation of Chapman's Peak Drive a triumph for South African engineering	2/5
Torres Atlantico: A challenging geotechnical engineering project	4/8
Tsunami!	1/2
ENVIRONMENT/ENVIRONMENTAL – see ENVIRONMENTAL ENGINEERING	
ENVIRONMENTAL ENGINEERING	
'Green' waste minimisation in Cape Town	8/16
Kingston Vale a win-win solution	8/23
Landfill site at Roundhill in Eastern Cape to be fully operational soon	8/22
Mine closure planning – time for a holistic approach	8/20
Project sustainability management: Translating words into action	8/12
Recycling oils, reducing impacts	8/18
FEATURE ARTICLES	
A wake up call to address the capacity crisis in SA civil engineering	10/40
Revel Fox – doyen of South African architects	7/10
The Orange River Project Part 1: From dream to reality	6/4
The Orange River Project Part 2: The world's longest continuous tunnel	7/4
The Orange River Project Part 3: Why drag the chariot wheels?	8/8
FORUM	
Wanted - at least 100 retired or available civil professionals!	4/2
Forum	10/34
Forum	1/2

TITLE	Magazine/Page Number
GEOTECHNICAL ENGINEERING	
Interesting geotechnics at Impala Platinum	4/10
Horizontal directional drilling and its application	4/12
Innovative solution for fracturing rockmass	4/18
Geotechnical aspects of the development of the Sigma Mooikraal underground colliery	4/20
Cost-effective and safe trench shoring	4/23
GPR technology in concrete and road structure inspection and utility location	4/24
Female engineer heads up geoscience consultancy	4/26
Young Geotechnical Engineers Conference	4/28
Local and International Conferences and Symposiums 2005	4/28
GIJIMA	
Gijima	10/47
Gijima	11/39
HEALTH AND SAFETY	
HIV/Aids awareness beyond the company and the employee	1/18
Department of Public Works tackling HIV/Aids in the construction industry	1/19
HIV/Aids fact sheet	1/20
Milestone for construction industry	1/20
The Construction Regulations: are clients and designers complying?	1/21
IN BRIEF	
Army engineers have pumped New Orleans dry	10/25
Banks of the Apies stabilised	8/29
Be responsible or face the consequences	8/28
Cement capacity expansion project announced	10/33
CMA updates cavity walls detailing manual	6/38
Coast-to-coast link becomes a reality	10/22
Concrete sleepers for maximum durability on West Coast	8/31
Construction conference a resounding success;	10/21
Costs of Gautrain to exceed R20 billion	10/29
Delivering on bulk water supply projects	8/27
Distance education from SCT	10/28
Ensuring that geomembranes are up to scratch	6/36
Galaxy reservoirs speeding up service delivery	6/35
Gautrain draft preliminary design report published	10/22
GMBA scheme produces first qualified artisans	10/27
Major awards for Freedom Park landscaping	10/31
Major conferences at Afriwater 2005	6/37
MikroPul wins second environmental contract at Holcim's Dudfield plant	8/28
More than US\$2 million to be awarded for sustainable construction design	8/27
New CMA president	6/38
New concrete pole from Infraset thwarts cable thieves	10/32
New life insurance product engineered for professionals	8/27
Phokeng to Sun City road to be reconstructed for 2010 World Cup soccer	10/27
Protekon's key role in port planning	10/30
Renewed focus on research and innovation	10/22
SA, Zim and Botswana formulate joint research plans	6/38
Simple yet effective undergroups pipe and manhole sealing system	6.36
SSI establishes environmental sector	10/29
Team to study levee failures in New Orleans	10/25
Textbook fills vital tertiary need	6/38
Thuthuka designs unique plant for China project	10/28
Translucent concrete developed in Europe	10/27
Unique concrete used for Sioule Viaduct	8/31
US researchers make bendable concrete	10/25
Vaal Pipeline agreements officially ratified by government	10/21
Versatile products from old bottles	8/25
Water treatment chemicals	6/37
Winner of 2005 J D Roberts Award	8/31
WSP Environmental introduced	8/25
