

INDEX TO CIVIL ENGINEERING 2006

TITLE	Magazine/Page Numbers
AUTOMATION OUTLOOK 2006	
Cyber security breaches threaten, smarter factories and processes emerge, consulting business booms, and engineering talent base shrinks	1/26
AWARDS - also see SAICE AWARDS	
CMA Awards set high standards for precast concrete industry	8/29
CMA trophy winners	11/29
CSIR rural infrastructure and development expert wins prestigious J D Roberts Award	9/55
Nominations called for Fulton Awards 2007	9/49
SAACE's cream of the crop	9/46
SMART awards: cncPave – an innovation in concrete road design	2/36
SMART awards: Roodeplaat Dam dry chamber	2/36
Winners of sustainable construction projects competition announced	5/34
Winners of the National Innovation Competition 2005 announced	8/27
BLACK ECONOMIC EMPOWERMENT	
A practical application of enterprise development and corporate social investment	4/23
BEE and South Africa's growth strategy	2/38
BEE company delivers the goods	5/32
Holcim to sell its majority stake in Holcim SA to a BEE consortium	9/54
New ownership initiative structured from solid foundations	8/38
BOOK REVIEW	
Review: <i>Aggregates in concrete</i> by Mark Alexander and Sidney Mindess	11/28
COMPANY PROFILE	
A sparkling performance – 60 not out	11/24
CONSTRUCTION ENGINEERING	
'First light' at SALT	1/4
A regal installation for WSP	7/29
British civil engineering professor lectures on new EC building codes and innovative building technology	10/39
Cathodic protection of a historical rail bridge	7/33
Chryso admixtures for multi-billion dollar Qatar airport	8/32
Clay Brick Association predicts boom in building industry will continue	8/34
CMA Awards set high standards for precast concrete industry	8/29
Construction industry MOU	3/35
Construction sector's growth to continue, C&CI review predicts	5/35
Design and construction of the Durban Harbour services tunnel	7/24
Fast-track solutions at the Emperor	7/31
Keeping the NATREF refinery running smoothly with microtunnelling	7/20
Lafarge cement awarded R96 million contract to upgrade FreeState roads	11/33
Loch Logan shopping centre to add focal point to Waterfront's retail facilities	9/58
National retailers sign up as construction on Maponya Mall gets under way	7/6
Pipeline corrosion protection for the 21st century	7/38
Providing infrastructure for the Moma mineral sands project	7/16
Quality Street Interchange upgrade	7/35
SA construction faces heavy World Cup demands	3/34
Sandton buildings pushing skywards	7/9
Smart' tunnels and towers tell us what's going on	7/40
The Ngqusi bulk water supply project	7/31
Toyota's new paint plant to double vehicle capacity	7/4
Ugie to Langeni Phase 1: Part of the Kei Rail project	7/15
Upgrading of the Hartebeestfontein water care works: A study in cooperation to combat adverse conditions	7/11
Upgrading of the Pretoria State Theatre	8/39
COVER STORIES	
'First light' at SALT	1/4
A solid base for the new K60	7/8

TITLE	Magazine/Page Numbers
Environmental and civil engineering excellence awarded	2/2
Fishway first of its kind in South Africa	10/4
Innovative new ground improvement method uses controlled dynamic compaction	5/3
Living the Liviero Life	11/26
New method of deck construction for Angolan jetty	4/2
Secondary effluent treatment plant completed in Richards Bay	6/3
Southern Cape floods and landslides cost six lives and cripple parts of the economy	9/2
The latest trends in paste technology	8/8
The Mfolozi River rail bridge: Addressing the ravages of floods and time	3/22
EDITORIAL	
A change of pace and face	7/3
ENVIRONMENTAL ENGINEERING	
A river runs through it: or water, water, everywhere – nowhere to go?	3/3
Environmental and civil engineering excellence awarded	2/2
Focusing on the preservation of the environment	8/20
Health, safety and the environment are priorities at Coega	10/16
Imation's Ulysses technology passes stringent environmental tests	11/30
Integrated water resources management involving wetlands as wastewater treatment alternatives on mines	8/23
Linking nature with life – Ongoye Forest link road	10/19
New lease on life for strategic landfill	10/24
Profile: It's all about wanting to see what's out there	8/4
Remediation of water ingress to old gold workings linked to active mines	8/12
Severe environmental constraints overcome at Umlaas project	2/28
The City of Cape Town brings treated effluent to the forefront	8/10
The latest trends in paste technology	8/8
UV-cured lining work offers solution to pipeline renovation at Farnham Station	8/16
FEATURE ARTICLES see COVER STORIES	
FOCUS ON YOUNG ENGINEERS	
Adopt a Student: Bursaries needed for brilliant university entrants in the Hundred for Hundred Project	4/43
Building and breaking bridges at Maropeng	8/43
Calling young engineers	9/60
Civil young ladies	1/21
Civils tops!	1/22
From businessman to car park attendant to doctoral student	1/23
Going full circle	1/19
Negotiating the road to ECSA registration	1/24
SAICE's influence on my career choice	1/22
GEOTECHNICAL ENGINEERING	
Call for nominations: Geotechnical Division Awards 2006	4/21
Do you want to see your name in lights?	4/16
Dura still in an expansion drive	4/10
Equipping the piling nation: Piling contractors and their plant	4/20
GEO 16 ICSMGE held in Osaka	4/19
Geotechnical Division the largest ISSMGE member society in Africa	4/22
Mamelodi sewer tunnel under construction	4/4
Results of some recent sonic integrity testing of piles	4/14
VW Paint Shop project, Uitenhage: An investigation into the validation of the quality of piled foundations	4/7
GIJIMA	
Gijima	1/38
Gijima	5/46
Gijima	8/46
Gijima	11/46

TITLE	Magazine/Page Numbers
HISTORY AND HERITAGE	
'n Ode aan die Nagkar	7/57
From Industrial to Information Revolution: Grandfather to Grandson	11/8
Historical snippets from Graham Ross	9/37
Past Masters 1: William Cuthbert Holloway	6/50
Past Masters 2: Charles Cornwallis Michell	7/58
Past Masters 3 and 4: Charles Jasper Selwyn and John Montagu	8/40
Past Masters 5: Andrew Geddes Bain	9/50
Past Masters 6 and 7: Henry Fancourt White and Murrell Robinson	11/34
Pioneering railway engineer	5/30
Reminiscences of a <i>padmaker</i> : Building the road to Hell	9/51
HUMAN RESOURCES	
The community employer – a new employment contract	4/25
IN BRIEF AND INDUSTRY NEWS	
'Nano skins' show promise as flexible electronic devices	3/33
2,9-billion refinancing for Maputo Development Corridor	4/39
A good-news story ...	6/48
A winner – here and beyond our borders	10/41
ACSA kick-starts construction of new central terminal building	8/31
African Gabions soil reinforcement for Congo project	3/30
AOL reels in phishers	4/39
Award recognition	6/49
Bahrain disaster	4/40
Ballito sewage infrastructure to be upgraded	4/29
BEE company delivers the goods	5/32
Bigen Africa to relocate to SA's first science park	8/37
Bloemfontein, a modern African Renaissance city	3/36
British civil engineering professor lectures on new EC building codes and innovative building technology	10/39
C&CI's Perrie is new president of SARF	4/38
Calling young engineers	9/60
Challenging Durban Harbour tunnel project	2/46
Chinese delegation calls on GMBA	4/40
Chryso adds workability to Tangiers Port concrete	6/44
Chryso admixtures for Century City project	4/35
Chryso admixtures for multi-billion dollar Qatar airport	8/32
Chryso admixtures for new Cape Town Airport structures	5/39
Chryso admixtures for two new French road bridges	7/50
Civil Designer 6.4 has more in store for all	1/31
Clay Brick Association predicts boom in building industry will continue	8/34
CMA submits draft standards for two concrete products	4/34
CMA to represent South Africa at international paving conference	6/47
CMA trophy winners	11/29
CMA updates handbook	9/55
Companies on Gautrain's potential supplier list not corrupt, says Bombela	11/29
Concor Technicrete expands into Eastern Cape	2/42
Concrete piping generates more jobs, survey reveals	4/27
Concrete roads increasingly popular in Garden Route	7/53
Construction in full swing at Bedford Square	4/37
Construction industry MOU	3/35
Construction sector's growth to continue, C&CI review predicts	5/35
Contract awarded for expansion at Namakwa Sands	10/41
Cosira to fabricate Sasol plant	3/30
Could engineers have known how much pressure the New Orleans levees could withstand?	3/32
Creative concrete in transport	8/38
CSIR rural infrastructure and development expert wins prestigious J D Roberts Award	9/55
Developments in Port Elizabeth	8/34
Eddie du Rand appointed managing director of Grinaker-LTA Construction	5/37
e-go Solutions expands Africa operations to include satellite broadband solutions	8/31
Epson introduces new inkjet printers	11/29
Folding tower provides quick, easy access	7/51
Government support for top mining, construction, industrial and power generation show	5/37
Helping to build a place in the sun	9/56

TITLE	Magazine/Page Numbers
Helping to keep your wine glass filled	11/33
Holcim to sell its majority stake in Holcim SA to a BEE consortium	9/54
HP extends the boundaries of workstation computing	6/44
HR processes on line	1/31
Imation's Ulysses technology passes stringent environmental tests	11/30
Informative publication from Kaytech	2/44
In-house project financing is the answer!	4/39
Injecting new life into Africa's road network	4/31
Instantaneous non-explosive breaking/blasting system	4/33
Irish bridge contract follows local success for Cosira	3/38
Isotherm goes green	8/32
Jeffreys Bay gets down to business	4/33
Kaytech's infiltrator solves a rural sewerage problem	6/46
Lafarge cement awarded R96 million contract to upgrade FreeState roads	11/33
Lafarge in partnership with SW Gauteng college	4/38
Lanxess marketing chief welcomes new local distribution	3/35
Life-giving Ntimbale Dam nearing completion	10/42
Local concrete block manufacturer keep the tides at bay in Dubai	9/52
Loch Logan shopping centre to add focal point to Waterfront's retail facilities	9/58
May deadline for CMA Awards entries	3/34
National Construction Week to be held alongside Interbuild Africa	4/36
New Midrand headquarters for C&CI	3/36
New ownership initiative structured from solid foundations	8/38
New venture aims to raise the bar in precast technology	11/31
Oil Africa speaker says fabrication and engineering must get up to speed	4/33
Oil analysis boosts marine maintenance	5/32
PBMR 'defines the boundaries' in first deal for 2006	2/45
PHD joins Golder	8/34
Polyurethane wear liners more cost efficient for mines	4/30
Potain tower crane eases constraints on tight site	8/36
Proactive partnerships in a changing profession	4/38
Product design awards	8/34
Quality – the master key to sound project management	4/34
R34-million rail terminal completed	10/38
Recruitment division receives award	2/44
Restoring century-old reservoir	2/43
SA construction faces heavy World Cup demands	3/34
Seacore completes one of its most challenging projects	4/27
Signalling construction for new line assigned to Protekon	11/31
Simple yet effective evacuation slide	3/38
Sinkhole adds to traffic blues	8/31
Site establishment for Sishen expansion project completed	5/35
Site health and safety 'alarmingly ignored', warns GMBA	1/30
Skyways building transformed	5/38
South African design company scores nuclear contract	4/29
Tank 11 at Malongo	7/53
The bank or not the bank? That is the question...	7/56
The Benguela–Lubango road, Angola	6/47
The future of tanks	10/39
The future of water storage	3/32
The latest threat to the world's climate?	2/41
Thirteen bridges under construction in Middle East contract	7/50
Tosas launches new winter-grade product	6/48
Tosas supplies bitumen rubber to Mozambique	4/40
Transforming an island kingdom into a business hub	2/41
Update on SAPPMA	8/34
Upgrading of the Pretoria State Theatre	8/39
US study finds concrete roads as quiet as asphalt	1/30
VRESAP contracts awarded	2/41
Winners of sustainable construction projects competition announced	5/34
Wireless tilt monitoring answers trench question	3/30
Women turning away from math, science fields	9/55
Workable concrete for new French viaduct	9/58
WSP acquires Ellmer Consulting Engineers	5/37

INDUSTRY ISSUES

Corruption in the construction industry: Forms, susceptibility and possible solutions	7/43
The bank or not the bank? That is the question...	7/56
Training the built-environment professional in private practice	7/48

TITLE	Magazine/Page Numbers
Companies on Gautrain's potential supplier list not corrupt, says Bombela	11/29
INDUSTRY NEWS - see IN BRIEF AND INDUSTRY NEWS	
'Nano skins' show promise as flexible electronic devices	3/33
Civil engineering software for civil engineers	11/5
From Industrial to Information Revolution: Grandfather to Grandson	11/8
INFORMATION OUTLOOK 2006: Cyber security breaches threaten, smarter factories and processes emerge, consulting business booms, and engineering talent base shrinks	1/26
INFORMATION TECHNOLOGY	
Information technology assisting the destitute in eThekweni Municipality	11/16
Integration is key to civil software	11/16
Moving beyond being a country of possibilities	11/22
New technology pairing offers leaner manufacturing prospects	11/20
INFRASTRUCTURE	
ACSA kick-starts construction of new central terminal building	8/31
Effective asset inventory solutions in the South African transportation, municipal and utilities environment	5/12
Infrastructure report card for South Africa released	11/44
Managing municipal infrastructure assets	1/29
INNOVATION	
Transport policy change and its implications for planning and engineering practice	11/23
INTERNATIONAL	
Bahrain disaster	4/40
British civil engineering professor lectures on new EC building codes and innovative building technology	10/39
Chinese delegation calls on GMBA	4/40
Chryso admixtures for multi-billion dollar Qatar airport	8/32
GEO 16 ICSMGE held in Osaka	4/19
Local concrete block manufacturer keep the tides at bay in Dubai	9/52
SAACE inaugurates its first African president	2/52
SAICE and international affairs	2/47
Tosas supplies bitumen rubber to Mozambique	4/40
Winners of sustainable construction projects competition announced	5/34
Workable concrete for new French viaduct	9/58
KWAZULU-NATAL	
New anthracite mine in KwaZulu-Natal	6/38
The heart of a city	6/35
LEGAL AND MANAGEMENT	
A sobering reminder for the construction industry	1/18
Alumni talent: How losing the retention battle can help win the talent war	1/15
Best company to work for: Survey highlights changes in employee expectations	1/16
Best of the best: The best environmental and engineering consulting company to work for	1/17
Companies on Gautrain's potential supplier list not corrupt, says Bombela	11/29
Contracts in the civil engineering industry	6/40
Corruption costs the construction industry billions	9/42
Cracking a code for good business practice	6/41
Human resources – the butterfly effect	1/14
Liability of professional civil engineers - 1	1/4
Liability of professional civil engineers - 2	8/24
Regulations and red tape remain the greatest constraints to business growth in South Africa	6/42
Rejection of insurance claims: The design standard	9/45
