

# INDEX TO CIVIL ENGINEERING 2007

TITLE	Magazine/Page Numbers
<b><u>AWARDS AND COMPETITIONS</u></b>	
also see <b>SAICE AWARDS</b>	
Call for nominations: Geotechnical Division Awards 2007	4/18
CSIR architectural engineering expert wins prestigious J D Roberts Award	10/56
Enter the SAICE Photographic Competition	7/57
Gautrain wins international award	4/33
NSTF Awards 2007	10/52
Our very first PiCA Award!	11/66
Prestigious award made to former South African	6/58
Rand Water-SAICE Water Competition winners	6/48
SAICE Awards evening	11/72
SAICE Photographic Competition Final reminder	8/18
Sigma Coatings wins best medium business 2006	1/21
South Africans excel in prestigious concrete course	4/33
Strong contenders for Fulton Awards 2007	4/32
Top 500: Africon achieves top ranking in the South African engineering sector	1/20
Water Engineering Division Competition winners	6/49
World record-breakers among 2007 Fulton Award winners	7/3
<b><u>BLACK ECONOMIC EMPOWERMENT</u></b>	
also see <b>COMMUNITY-BASED PROJECTS</b>	
A successful BEE strategy	8/45
A winning formula	8/44
An alternative approach to implementing the BEE codes of good practice	7/38
<b><u>BOOK REVIEW/BOOKSHELF</u></b>	
<i>Enviropaedia</i> launched	1/21
<i>Numbers &amp; Needs in Local Government</i> launched	11/69
The life and work of Charles Michell	9/56
<b><u>BUSINESS COMMUNICATION</u></b>	
Brush up on your e-mail etiquette for better results	1/13
<b><u>COMPANY PROFILE</u></b>	
KV3 engineers celebrates 30 years of growth	10/39
Ninham Shand 75	6/7
<b><u>COMMUNITY-BASED PROJECTS</u></b>	
also see <b>URBAN AND RURAL ENGINEERING</b>	
A project in the community, by the community	11/28
A winning formula	8/44
Bringing communities together	11/26
Community participation key to the success of ARRUP	2/38
Innovative new precast concrete toilet wins Community-based Award	2/36
More than just safe sanitation	11/33

TITLE	Magazine/Page Numbers
Traffic training facility for junior learners	11/35
Tsitsa River Bridge now serving the Laleni community	11/30
Valuable lessons learnt from Modimola project	2/40
Water supply projects changing the face of rural KwaZulu-Natal	2/42

## **CONSTRUCTION ENGINEERING**

Challenging bridge repairs earn a commendation	2/10
Concrete face construction at Berg River Dam	7/6
Durban Harbour Tunnel a worthy winner	11/2
Formidable design and construction challenges posed by Clifton project	2/16
Gautrain update: A visual journey	5/3
Getting it smooth	2/34
Hillcrest Boulevard set to lure shoppers	7/20
Innovative solutions to construction challenges during interchange upgrade	2/30
Looking after the interests of the quarrying industry	7/17
Massive concrete requirements of new Med harbour	7/12
New Kaaimans Pass half viaduct nearing completion	8/22
Successful precast concrete solution	2/32
Technical Excellence Category winner a world-class project	2/6
The colours of steel construction	10/47
Tilt-up beams for New Orlando Stadium	7/23
Toyota plant's vehicle capacity doubled	2/28
Turning challenges into opportunities for innovation	7/15
Versnelling op konstruksie - of bouprojekte: 'n Paar basiese riglyne om dispute te voorkom	7/34
Water provision in rural KwaZulu-Natal	7/9
Welcome to the least-known subject in civil engineering	7/24
World record-breakers among 2007 Fulton Award winners	7/3

## **COVER STORIES/ON THE COVER**

Expansion plans of local boat-builder lauded	1/23
Franki on track at Gautrain	8/20
Gautrain update: A visual journey	5/3
New National Library building nearing completion	9/47
Plane sailing for Franki at O R Tambo 20	4/20
Selecting interventions to study and implement the Western Cape Reconciliation Strategy	6/16
SGE partners with Chinese group	3/39
Technical Excellence Category winner a world-class project	2/6
TOSAS: The leading South African roads 'binder'	10/34
Turning challenges into opportunities for innovation	7/15

## **EASTERN CAPE**

Construction of Bozwana village footbridge	10/32
Upgrades in Eastern Cape under way	10/33

## **EDUCATION, TRAINING AND THE YOUTH**

Be anything you want to be!	7/43
Bringing engineering alive	10/55
Budding young engineers	8/48
Creating enthusiasm for civil engineering	7/43
ExCEED: A model for instructional design	6/59
New GMBA move to secure funds for training	3/42
The ExCEED Teaching Model	7/58
Vuk'uphile learnership project	3/38

**ENVIRONMENTAL ENGINEERING**

Adept at solving environmental nightmares	8/3
Cathodic protection of a historical rail bridge	2/26
Chute lining makes for improved refuse handling	8/8
Contribution to sustainable development showcased	8/39
CSIR investigates use of natural fibre composites in construction	8/44
Dealing with complexity in the environmental review process	8/14
Don't bin it, bank it!	8/42
Environmental information for decision-making	8/12
First bio-engineering workshop on turf reinforcement mats held at Dinokeng	10/44
Fish climbing the ladders back to survival	8/16
Grassfence keeps the soil in place at Simbithi	9/54
Greenfield challenges	10/21
Landfill rehabilitation costs for the City of Cape Town	10/28
Liner design on to an existing wastefill area	10/9
Mondi effluent treatment plant a massive project	2/12
Multifaceted mine closure and rehabilitation at Rietspruit Mine	2/14
New fines residue deposit facility for Venetia Mine	8/11
New master plans and management information systems for water and sewer infrastructure in the Western Cape	8/30
Ninth Capsa conference to focus on technology, health, safety and the environment	8/47
Old sand quarry makes way for golf estate	8/6
Public urged to choose energy-efficient bulbs	8/48
Rehabilitation of the environment under way at Kingswood	8/26
River bank protected	8/19
Shaping a better world with an integrated local environmental focus	8/39
Sustainable energy body welcomes solar hot water initiatives	4/33
The construction environment: When grey is green	8/42
Water resources and climate change	6/34

**ENERGYS**

ENERGYS: Making a difference	7/39

**GEOTECHNICAL ENGINEERING**

Call for nominations: Geotechnical Division Awards 2007	4/18
Formidable design and construction challenges posed by Clifton project	2/16
Looking after the interests of the quarrying industry	7/17
Multifaceted mine closure and rehabilitation at Rietspruit Mine	2/14
Pile testing in South Africa	4/19
Piling in sunny Cuba	4/6
Prediction of settlement of a re-used foundation	4/10

TITLE	Magazine/Page Numbers
Preparing for diaphragm walling	4/25
Rational decision-making in the sustainable configuration of tailings impoundments	4/14
Technical Excellence Category winner a world-class project	2/6
The piling people of South Africa	4/22

## **GIJIMA**

Gijima	1/40
Gijima – branch visits	8/57
Gijima: If you have to go, you have to go!	9/61
Gijima	11/83

## **HISTORY AND HERITAGE**

A metropolitan railway for Johannesburg: So, what's new ...	9/60
Meeteenhede – 'n terugblik	7/26
Ninham Shand 75	6/7
Past Masters 10 and 11: John Scott Tucker and Mathew Woodfield	8/50
Past Masters 8: Thomas Charles John Bain	2/48
Past Masters 9 and 10: George Pilkington and Charles Davidson Bell	3/46
Special cladding for Cradle of Humankind project	3/40
Technical Excellence Category winner a world-class project	2/6

## **HUMAN RESOURCES MANAGEMENT**

Of job restrictions and ethics	1/10
The five most important people trends of the next five years	1/8

## **IN BRIEF AND INDUSTRY NEWS**

A successful BEE strategy	8/45
A winning formula	8/44
Alternators for Gautrain	11/60
Arup appointed as independent certifier on Gautrain project	3/38
Autodesk slashes software prices	8/41
BCP Engineers join SSI	11/60
Be anything you want to be!	7/43
Bridge-tunnel to South Korean holiday island	3/43
Bridging finance available	10/48
Bridging the gap with specialist concrete repairs	1/22
Budding young engineers	8/48
Building industry still apathetic about site safety	10/43
Building the backbone of Sasol's new 1-Octene Train 3 plant	10/44
C&CI formulates tailor-made training for engineers	6/44
Challenging elevations	9/54
Chilubi Island pontoon bridge a winner	10/46
Chryso SA establishes production facility in KZN	11/60
CMA publishes updated concrete roof tile 'bible'	8/48
Concrete Boat Race 2007 held	11/55
Concrete pipelines boost capacity in Pienaars River outfall sewer system	8/37
Concrete the solution to 2010 road and transport challenges	5/70
Conjet assists in reskinning concrete arch bridge	3/42
Construction commences at Mbashe North	10/38
Construction companies eliminate cash with WIZZIT	7/49
Construction on Worcester Casino Hotel under way	7/46
Contribution to sustainable development showcased	8/39

TITLE	Magazine/Page Numbers
Creating enthusiasm for civil engineering	7/43
Crushing breakthrough in Sicilian lava flows	10/42
CSIR in project to enable rural research	10/38
CSIR investigates use of natural fibre composites in construction	8/44
Delivering dolosse demanding task	10/42
Developing a community	7/47
Don't bin it, bank it!	8/42
DSE to fabricate structural steel for new Durban Stadium	11/58
DSI South Africa secures Gautrain tunnelling contract	8/42
Durban launches rubbish-dump power plant	5/71
Dynamic load testing of deep foundations enhanced by latest version of software	4/32
<i>Enviropaedia</i> launched	1/21
Expansion of Zimbali coastal resort	11/57
Expansion plans of local boat-builder lauded	1/23
False economy	9/50
First 32-channel GPS with free map updates now available	11/62
First bio-engineering workshop on turf reinforcement mats held at Dinokeng	10/44
Foreign donors help in SADC capacity development	11/62
French train smashes record	5/67
Gautrain wins international award	4/33
GE to build desalination plant at Coega	7/50
Giant waves make little impact on Waterloffel walls	7/48
Grassfence keeps the soil in place at Simbithi	9/54
Highlands Village development sold out	7/44
Hollow-core slabs offer much more than precast flooring	11/56
Improved rubber fender design saves money for end user	5/74
Improved version of concrete roads design program	11/59
Inauguration of new ECSA president	11/64
J&G's accelerated development programme	1/19
Khoisan Cultural Centre wins C&CI concrete design competition	11/63
KV3 engineers celebrates 30 years of growth	10/39
Leading consulting firm celebrates its transformation successes	11/58
Local company wins large overhead electrification contract on Gautrain	5/69
Logistics survey calls for drastic changes to freight network to prevent gridlock	9/52
Major international conference on water distribution systems	6/42
Making a difference	6/41
Maseru Bridge multi-modal centre	7/47
Meeting sanitation and water service delivery	11/60
Meeting the challenges of fast-growing urbanisation	6/43
Montecasino's magical fountain powered by Denorco	7/48
Murray & Roberts Construction appointed as main contractor at Melrose Arch Piazza	8/46
Murray & Roberts Construction puts final touches on V&A Breakwater parkade	10/47
Name change strengthens Maccaferri brand	1/21
New GMBA move to secure funds for training	3/42
New permeable paving	7/44
Ninth Capsa conference to focus on technology, health, safety and the environment	8/47
Non-compliant software users gamble with company resources	4/37
Opencast rehabilitation in Mpumalanga	4/30
Osborn launches new portable asphalt plant	8/40
Popularity of multi-storey slab system growing	7/46
PPC recognised as 'best manufacturing company to work for'	11/55
Prestressed concrete poles replace steel railway masts in Durban	11/58
Protekon port solutions conquered time challenge	1/19
Public urged to choose energy-efficient bulbs	8/48
Registration opens for IMESA annual conference	8/48
Revolutionising the railway industry	5/67
Rocklands RDP housing project	10/42
SABS online standards webstore now available	1/19
Saving the water in Soweto	6/45
Scrap batteries help in Arbor Week's greening of Soweto	10/39
Sculpted eland showcases concrete versatility	11/59

TITLE	Magazine/Page Numbers
Secondary watermains being replaced	10/43
Servicing the needs of rural communities	10/38
Setting the standard for plywood and composite board: Sans 929	4/32
SGE partners with Chinese group	3/39
Shaping a better world with an integrated local environmental focus	8/39
Sigma Coatings wins best medium business 2006	1/21
Sinotech software launched	5/72
Soaring traffic loads make concrete roads more competitive	10/47
Soil nailing and flexible gabion revetment as innovative lateral support	1/23
South Africa set to benefit from EU research project	9/52
South Africa to host world conference on concrete roads	4/35
South Africa's first solar-powered traffic lights unveiled	11/56
South Africans excel in prestigious concrete course	4/33
Special cladding for Cradle of Humankind project	3/40
Spoornet buys into sleeper system from Infracore	5/67
SRK now operating in Angola	11/64
Stabilised roadway allows marshland access in KZN	6/37
Starting at grassroots level – young engineers	1/21
Strong contenders for Fulton Awards 2007	4/32
Sustainable energy body welcomes solar hot water initiatives	4/33
Tender awarded for Nelson Mandela Bay multi-purpose stadium	4/32
Thabazimbi Mine using locally developed dust suppressant	11/62
The colours of steel construction	10/47
The construction environment: When grey is green	8/42
The dawning of a new era for Aquadam	4/34
The West Coast is booming	5/71
Thin blocks result in increased levels of paving failure	10/45
Top 500: Africon achieves top ranking in the South African engineering sector	1/20
Training and Aids major issues for new MBSA president	11/55
Unusual pedestrian bridge for Plettenberg Bay	6/43
Vanguard moves huge research vessel	7/43
Vital role for Chryso products in Durban Pier 1 construction	10/41
Vuk'uphile learnership project	3/38
Waterand Health Group at the University of Johannesburg	6/42
West Rand Engineering supplies consumables to Gautrain project	11/62
Will Jozi be a ghost town by 2050?	4/35
Winter-long energy efficiency drive launched	7/45
Woman on the mine	3/38
World's biggest wind turbine generates new developments in large-shaft bearing technology	3/44
WSP Group Africa announces coastal business	5/68
WSP strengthens its structural and civil offering	9/52
WSP's multidisciplinary appointment at Coega	10/41

## **SAICE AWARDS 2006**

### TECHNICAL EXCELLENCE CATEGORY

Cathodic protection of a historical rail bridge	2/26
Challenging bridge repairs earn a commendation	2/10
Formidable design and construction challenges posed by Clifton project	2/16
Getting it smooth	2/34
Innovative cost-saving solution at Vaalkop	2/22
Innovative solutions to construction challenges during interchange upgrade	2/30
Marquard reservoir designed with unique capability of extension	2/24
Mondi effluent treatment plant a massive project	2/12
Multifaceted mine closure and rehabilitation at Rietspruit Mine	2/14
Successful precast concrete solution	2/32
Technical Excellence Category winner a world-class project	2/6
Toyota plant's vehicle capacity doubled	2/28
Unconventional layout for key interchange	2/20

### COMMUNITY-BASED CATEGORY

Community participation key to the success of ARRUP	2/38
Innovative new precast concrete toilet wins Community-based Award	2/36
Valuable lessons learnt from Modimola project	2/40
Water supply projects changing the face of rural KwaZulu-Natal	2/42

### INTERNATIONAL CATEGORY

Malawi project characterised by ingenuity and innovation	2/44
--	------

## **SAICE AWARDS 2007**

### TECHNICAL EXCELLENCE CATEGORY

Africa's first landfill gas clean development mechanism project earns commendation	11/8
Bridge reinstated to its former glory	11/12
Durban Harbour Tunnel a worthy winner	11/2
Innovative structural steel tied arch footbridge	11/19
Muden community access route restored	11/16
Pinnacle Point Beach and Golf Resort	11/22

TITLE	Magazine/Page Numbers
Umhlanga stormwater outfall pier	11/24
<b>COMMUNITY-BASED PROJECTS</b>	
A project in the community, by the community	11/28
Bringing communities together	11/26
More than just safe sanitation	11/33
Traffic training facility for junior learners	11/35
Tsitsa River Bridge now serving the Laleni community	11/30
